MEETING MINUTES

The Second Community Workshop was held between the community representatives of Hanover, the project manager from the District Department of Transportation and the HNTB staff. The following is a summary of the discussion and the consensus reached.

Streetscape:

N Street

- Wrought iron fence is to be installed around every other street tree along the south side in phase 1. Wrought iron fence for the north side will be provided in phase 1 around every other tree boxes between 1st Street, NW and the alleyway to Hanover Place. There will be no wrought iron fence provided between the alleyway and New York Avenue.
- Provide ground cover planting using Liriope muscari in all tree boxes.
- Provide sod restoration in between tree boxes.

O street

- Provide wrought iron fence on every other tree boxes.
- Provide ground cover planting using Liriope muscari in all tree boxes.

P Street

Banners:

- Community representative approves of banner locations set by HNTB.
- Community representative approves of banner subject matter presented by HNTB especially images relating to the original Dunbar High School and secondly the imagery relating to the original Truxton Circle fountain.
- HNTB will use these two themes and further develop the banner designs.
